

POWELL

ATLANTIS

MAIN FABRIC: 65% RECYCLED COTTON
35% COTTON TWILL

Stylish and young bucket hat made with a mix of recycled cotton and virgin cotton twill. Short and steep brim that gives good, all-round protection, and can also be folded so the hat fits in a pocket when not in use. Two eyelets on the back for more ventilation.

RECYCLED COTTON

Recycled cotton is regenerated cotton fiber made from repurposed production scraps or second-hand clothes. The pieces of fabrics are sorted by color, shredded into yarn and further into raw fiber. The result is then spun back into yarns for reuse in other products.

Recycled cotton can find new life in many different textile accessories **using less energy, water, dyeing and can divert many products from landfills.**

FEATURES

recycled cotton

ACCESSORIES

The new models made of recycled material can be identified from a flag woven label inside.
